SUMMARY

Senior front-end developer with 3+ years of experience designing and building responsive web design and mobile apps in the e commerce industry. Proficient with CSS and JS Frameworks, with extensive knowledge of UX and user psychology. Notable achievements include boosting the conversion rate of an existing website by 80% with improved code and design.

I am interested in topics such as design tools, front-end technologies, iot and typography. I am constantly replacing old technology and habits in the industry with new ones.
